Harp & Bowl at The Prayer House

All formats are led by worship teams and prayer leaders comprised of singers and musicians who mingle their songs with spoken prayers and proclamations, which we call the Harp and Bowl Model (Revelation 5:8).

Each of our intercessory worship sets are two hours and follow one of *four prayer formats*. We always pray from scripture.

- I. **Worship with the Word** develops the truths of Scripture (often the Psalms) by turning the passage into songs and prayers to God.
- II. **Prophetic Worship** seeks to find the immediate flow of the Spirit amidst the congregation. Primarily used during evening services, this format often includes extended times of corporate worship and personal ministry.
- III. **Devotional Worship** provides an atmosphere of “soaking” in the Word of God, having our hearts refreshed in intimacy.
- IV. **Apostolic & Prophetic Intercession** is first praying the prayers of the Apostles in the New Testament on behalf of the Church locally and globally. Prophetic intercession is praying through various themes such as Israel, justice, salvation, increase of the presence of God and so on.

Corporate participation through Intercession is promoted and encouraged. We invite you to connect with the passage of scripture we use during prayer, we encourage you to pace to keep your body active, build your self up in the spirit (Jude 1:20) and join in the proclamations and sing with the worship team as they create spontaneous singing and prophetic chorus's of intercession.

“**Rapid Fire Prayer**” is the room being invited to proclaim and pray on the corporate microphone in a rapid fire progression of 10-30 second prayers focusing on the theme being introduced by the Prayer Leader. We welcome everyone in the room to participate in these intercession moments.

The Intercessory Worship atmosphere is enhanced with multiple forms of expressions such as flags, dance, the lifting of hands and singing spontaneously. Each of these expressions is welcomed at TPH.
